1 What is DRF Plus?

An essential premium news and membership service available online at DRF.com that allows customers to access all the news, tools and handicapping analysis. It is packed with valuable handicapping information that you don't want to miss!

2 Why do I need a special 2-Day Access code?

DRF Plus+ is a premium subscription based website, that requires a purchase in order to access. Since you have already purchased a copy of Daily Racing Form's newspaper, you will receive FREE access for the date that appears on the front cover. For example, if you purchase a copy of Daily Racing Form's Saturday's issue on Friday, you can access the website for FREE on both Friday and Saturday (until Saturday's races have finished).

3 How do I receive my FREE access?

Just look on page 2 of your newspaper and you will see a special designated code. Go to www.drf.com/freeplus and enter that code. Then follow the instructions to checkout. It's that simple!

4 Can I use a different code every day?

- a. Yes, free access is granted with EVERY newspaper purchase so that you can always receive the most up-to-date news, handicapping insights and track related changes. This is recently introduced print customer benefit that we hope you enjoy!
